We are pleased to announce that registration for the 2016 Immunization Summit focusing on Cancer Prevention through Human Papillomavirus (HPV) Vaccination is OPEN!

The goal of the HPV Immunization Summit is to reduce the incidence and mortality rates of HPV-related cancers while improving the rates of HPV vaccination in Florida. The event will be held in St. Petersburg, Florida at the Hilton St. Petersburg Bayfront Hotel from February 11–12, 2016.

The Florida Leading Immunizations Network of Coalitions (LINC) in partnership with Department of Health’s Immunization Section, the Florida Chapter of the American Academy of Pediatrics, Pinellas PITCH Coalition, and other agency/community partners are collaborating in supporting an HPV Campaign dedicated to providing awareness and education to Pediatric Physicians, Medical Staff, Community Health Centers, County Health Department employees, School Staff, Medical and Nursing Students, Residents, teens, young adults, parents and community partners across the state of Florida.
